EXPERIENCE

Facebook • Product Design Intern

Seattle, Washington (remote) – June 2020 – August 2020

Worked cross-functionally on the Promotional Tools team to enable consumers and small business owners to manage their loyalty programs on Facebook.

Designed a framework for redesigning the loyalty cards that live on Facebook in the Rewards Hub.

Visier • User Experience Design Intern

Vancouver, British Columbia – September 2019 – April 2020

Created and modified internal design assets as part of Visier's design system to expedite prototyping process as part of the visual design team.

Collaborated with developers, product managers, and other designers to empower content authors to craft analyses and tell stories with people analytics data.

The Peak Publications • Production and Design Editor

Burnaby, British Columbia – May 2018 – December 2018

Art directed 16-page student newspaper while leading a small team of designers, working in collaboration with other section editors.

Mentored and delegated tasks to assistant production editors while working with illustrators to ensure a high standard.
